President's Message

By Sharon Wood

Happy February!!!

We are almost finished with a cold and snowy winter. Hang in there everyone. The sun will come!

At our January meeting, we enjoyed a social evening at Packo's at the Park and got caught up on our committees and what is going on in our association. Just a reminder that we are always open to suggestions and new ideas for activities, speakers, community service, and membership drives. Membership is currently at 28 and we would really like to gain new members with fresh ideas to help plan our association's future. Please reach out to fellow co-workers that might be interested in membership and invite them to an upcoming meeting as a guest.

We held a board meeting in January as well and are looking to update our website. We welcome information from anyone who has some insight on this topic. We are looking for a low-cost option to change our website to an updated

format that is user friendly and mobile ready. We also discussed the possibility of combining some of our board positions for next year and having committee members to assist the officers and committee chairs. The Bylaws committee will be working on making the changes to our Bylaws and Standing Rules to allow for these changes. More to come!

Our February meeting will be held on February 21st at LaScola. This will be our annual Education Night and will include a delicious meal and an interesting class on Flood Insurance. The class is approved for 2 CE's in Ohio. Michigan approval is pending. See the flyer in this bulletin for details and registration information. **Please post the flyer in your agencies!** We are hoping for a great turnout of members and guests at this event.

If you have any questions, concerns, or ideas, please feel free to reach out to me at swood@tdclife.com.

Education

by Beverly Hammond

Education Night is just around the corner. We are getting some reservations. If you have not contacted Cynthia Matus please do so by February 15th.

Just to update everyone the Instructor for our two-hour CE class for Flood has filed it in the state of Michigan, but we do not know as of this report if it will be approved by our Education Night February 21st. When we find out we will let everyone know.

Please mark your calendar for Wednesday February 21st at 5:30 P.M. and come to La Scola Italian Grill for the two hours Education Class.

We are hoping to have a good turnout for this Class with all your help.

Community Service

by Tracy Barber

Hello everyone. As you may remember, we were planning to donate all of the toiletries we have been collecting to Dan Rogers and the Cherry Street Mission at our January meeting. Since he had to postpone until the March meeting, I have held on to these items and we will be presenting them to him then. After giving consideration to their organization and realizing that there is so much more they could use, we have also decided to ask for each member to consider bringing either deodorant or toilet paper to the March meeting so that we can be sure to send him off with a nice supply of items. I am also planning to contact the Ronald McDonald House to see when we might be able to go in and provide a meal for their families. I will try to get a couple of dates and have an email blast sent out to see if we can get a few volunteers to make this happen. Please remember to keep saving pop tabs. I am collecting those at every meeting.
